To whom it may concern,

I am delighted to be writing this letter of recommendation for Tshawekazi Project (Pty) Ltd. I have worked very closely with Nonyameka since 2019. The company was contracted in the capacity of business analysts and drew up a robust and sturdy business plan for my organisation. We sought out these services due to scaling of business and requiring streamlining of business processes.

Tshawekazi Project's studious and analytical nature, upon which their work ethic is premised, has and continues to be an asset to my organisation. Their deep insights and positioning of brands has shone through.

Tshawekazi Project possesses a combination of resourcefulness with a sharp intellect, an inquisitive mindset which is solutions-oriented, with attention to detail and notable lateral thinking abilities. It is perhaps their commitment and passion for South Africa and its development trajectory, especially in relation to those socially and economically marginalised, that I believe will see Tshawekazi Project making a valuable contribution to new thinking in the country with its skill set.

*'If you want to go fast, go alone. If you want to go far, go together'.*

I highly recommend their service and should you want to inquire further, please do not hesitate to contact me at your earliest convenience.

Best Regards

Thuli Zulu

Chief Executive
