Johannesburg

To whom it may concern,

I am writing to provide an unequivocal recommendation for Tshawekazi Projects based on our collaborative experience with them during the mid-term evaluation of the Enterprise Supplier Development project.

As part of the WDB Growth Fund, we engaged Tshawekazi Projects in 2019 to conduct a comprehensive mid-term evaluation of our project, which was funded by the National Treasury- Jobs Fund spanning over three years, from 1 July 2019 to 30 September 2022, with an extension to 30 November 2023. The primary objective of this evaluation was to assess the suitability and effectiveness of the Theory of Change and Program design, while also gauging the progress made towards achieving our project objectives. Tshawekazi meticulously evaluated these aspects and provided insightful assessments that highlighted areas for improvement and addressed implementation challenges.

Their professionalism and dedication were evident from the outset, as they adeptly navigated through the development of the inception report, creation of data collection tools, drafting of reports, and fulfilling quarterly reporting requirements to the GMS system in accordance with Jobs Fund stipulations. Tshawekazi's commitment to quality and adherence to project guidelines were exemplary throughout the evaluation process.

Our confidence in Tshawekazi Projects and their exceptional level of service remains unwavering. It is without hesitation that we endorse and recommend their services for any future monitoring and evaluation work. Their thoroughness, diligence, and professionalism have significantly contributed to the success of our project evaluation, and we have no doubt that they would bring the same level of expertise and commitment to any future engagements.

Should you require any further information or clarification regarding our experience working with Tshawekazi Projects, please do not hesitate to contact me at Welleminah@wdbgrowthfund.co.za

Thank you for considering our recommendation.

Sincerely,
Welleminah N Mdinisa
